

SoySolv® II Plus

Best Applications:

- Heavy grease and oil cleanup
- Highly Effective Metal Parts and Tool Cleaner
- Effective Resin, Elastomer, Coatings, and Ink Removal
- Superb Adhesive and Decal Removal
- Varnish and Paint Stripper Removal
- Excellent Replacement for NMP and D-Limonene

Usage and Environmental Benefits:

- Certified USDA Bio-based Product
- Replaces Traditional Toxic Solvents for Many Cleaning and Degreasing Applications
- Not Classified as a Hazardous Air Pollutant (HAP)
- Water Rinseable
- 100% Biodegradable to Carbon Dioxide and Water
- Available in Jugs, Drums, and Totes

Technical Data:

Dangerous goods class:	Non-Hazardous	Abrasives:	None
Physical State:	Liquid	Flash point:	> 150° F ASTM D93 closed cup
Odor:	No fragrance added	Boiling point:	292° F
Color:	Pale yellow	Vapor Pressure:	0.9mmHg @ 68° F
PH Concentrate	N/A	Evaporation rate:	0.12
Net Weight:	7.92 LB/GAL	VOC content:	<50g/L
Specific Gravity	0.946	Toxicity:	N/A
Molecular Weight:	N/A	Biodegradable:	Yes, begins at 28 days in soil
Solubility in water:	Complete	Surfactants:	Yes, non-toxic
Rinseability:	Excellent		

Warning: To help prevent damage to exterior surface finish, please wipe off and/or rinse with water any residual release agent from all painted surfaces.
